### About me

Experienced Full Stack Developer with 6+ years of experience in web development technologies. Skilled in designing, developing and enhancing user-focused applications using React, Nodejs, JavaScript, TypeScript, HTML, and CSS. Passionate about creating optimized and innovative solutions.

### Skills

React   Node.js   Express.js   MongoDB   Mysql   Css   Rest   Agile.   Git  
Javascript   Html   TypeScript   Jira   Ant Design   Material Ui

### Experience

#### FreeLance

Mar 2023 - present

Full Stack Developer

I developed and implemented complex web applications using diverse programming languages and frameworks, and collaborated with cross-functional teams for seamless front-end and back-end integration.

#### Marvis IT Services Pvt Ltd

Sep 2022 - Feb 2023

Full Stack Developer

I developed a high-performance web application using Node.js and React, and led the creation of a mobile-responsive e-commerce platform, achieving significant boosts in performance, user engagement, sales, and customer retention, while reducing costs and fostering collaboration.

#### Marvis IT Services Pvt Ltd

Sep 2021 - Sep 2022

Associate Software Engineer

I developed reusable React components for an e-commerce platform and collaborated with UX designers to integrate responsive designs, achieving reduced development time, increased scalability, user engagement, and faster page load times.

#### NxtWave Disruptive Technologies

Nov 2020 - Jun 2021

Frontend Developer

I designed a responsive website using HTML, CSS, and JavaScript, and collaborated with teams to implement features, resulting in increased user engagement, sales, and optimized performance through A/B testing and feedback analysis.

### Education
